Cult Symbol Maker Free Live Wallpaper is a fun set of icons which will make for a simple live wallpaper with custom icons. The icons are random and appear according to a cycle of days and nights. The wallpaper is available for free download in the Android Market. Cult Symbol Maker Free Live Wallpaper This is a free app from the developers of Cult Symbol Maker. The wallpaper itself has custom icons that change when you open the App and every so often. The icons include, but are not limited to, bunnies, background animals, animals, female, robots, space ships, new planets. Fun Stuff you'll find at Cult Symbol Maker Live Wallpaper This wallpaper cycle keeps things interesting. They will slowly change over time. Things will start out with a random bunnies icon, then a bunny will become a more detailed rabbit, and finally a concept like female will appear. The cycle of the wallpaper will alter because of the time of day, and also the weather. However, users can adjust the cycle to what their needs are. For example, when it is raining, the cycle will speed up. The users should use the option of increase and decrease speed according to the needs, so the changes do not seem too drastic, but still get the point across. This is a random wallpaper. There is no pattern or regularity to it. It will be similar to the water cycle as it changes with the weather. The icons themselves are cool. Although they do change the colors are all unique. Every icon has a certain theme and personality. There are never any red and black, or yellow and white, icons. Things really do have a story 09e8f5149f
